CUSTOMERS TO PROVE IT.**

Since we introduced our urethane line, Iron Grip has shipped over 200,000 urethane dumbbells to thousands of customers worldwide. Why are Iron Grip urethane dumbbells preferred by premier fitness facilities the world over? Because they're durable. Our proprietary urethane formula outwears and outlasts rubber, so your dumbbells will stay looking new longer. Because they're maintenance-free. Heavy-duty welded construction means they never need to be tightened like bolted dumbbells, and permanently engraved weight markings mean you won't waste time replacing lost decals. Because they're reliable. They're backed by a 5-year guarantee from the world's largest commercial free weight manufacturer, and one of the most trusted names in the industry.
